

-- **Big Idea:** The Bible celebrates wives and mothers as engineers of a living organism called the home.

-- Along with the church, the **FAMILY** (father, mother, and children) is the most essential block of society.

-- Mothers are of such immense importance to everything good in society because God has designed them to be the key engineers on earth of the living organism called the **HOME**

Modern-Day Proverbs 31 Woman

-- God means to grow the church and bless the world through mothers and fathers who build Biblical families.

-- While the secular world often looks down on motherhood, God **CELEBRATES** it.

-- Honoring mothers was God's **COMMAND** long before it became an official holiday.

-- Though it is surely not easy and far too often undervalued by our culture, **MOTHERHOOD** is the greatest job on earth.
