

- Sharing **MEALS** together as a family is good for families and individual family members.
- Gathering together around the dinner table is so beneficial to our own families because it is God's plan to bless His family in Christ as well.

**-- Big Idea: The Lord's Supper is a sign of our union as one forever family of God in Christ.**

### Hebrews 2:9-13

- v. 9 – In His perfect righteousness, Jesus tasted death as an atoning sacrifice for our sins.
- v. 10 – Christ's coming was made complete by His suffering. He paid a debt He did not owe because we owed a debt we cannot pay.
- v. 11-13
  - If we have been made holy by faith in Christ, then we are one **FAMILY** with Him who has made us holy (Eph. 1:4-6).
  - Because we are granted Christ's righteousness, Jesus is not ashamed to call us His (Psalm 22:22, Isaiah 8:17-18).
- v. 10
  - God the Father sent His Son to bring many sons to glory.
  - One key aspect of the glory that Christ came to give us is the glory of membership in God's **HOUSEHOLD** (Ephesians 2:18-19).

### The Lord's Supper is our \_\_\_\_\_.

- This Supper is a precursor to the fellowship we will share for eternity with God, our Father, and Christ, our Lord and brother (1 Cor. 10:16-17).
- We gather around the same table, eat the same bread, and drink the same cup at the same time because we are members of the same family in Christ, and this is our family supper.
- This congregation is part of your forever family because we have been made **CHILDREN** of the Father through Christ the Son.

- Today, we practice in part what will be our perfect practice forever.
- No distance can separate the bond that God has fashioned between us as family forever in Christ.
- Because of redemption in Christ, this supper is our family supper. Let us make the most this opportunity today to share it together today.
